IN ASSOCIATION WITH:

Welcome to Rangers Soccer Schools hosted by North Village Community Club.

With one of the most loyal and passionate fan bases in football, a record 116 trophies, 54 League titles and League One title last season, Rangers is truly one of the biggest and most famous clubs. This is your chance to train and play the Rangers way.

Rangers Soccer Schools guarantee that all kids who take part in the overseas camps are developed to their full potential in a challenging, fun and safe environment. Integral to the players' development are our hand picked, professional coaching staff, which include former Rangers players with experience of the UEFA Champions League and international football. Plus our coaches are always on the lookout for emerging young stars and many youngsters have progressed to the Rangers Youth Academy!

CAMP DETAILS

PROFESSIONAL SOCCER CAMP

Rangers Soccer Schools are delighted to provide players with the opportunity to be part of Rangers Football Club, and have the full Rangers experience at their doorstep. All players attending our camps can enjoy a magnificent learning experience. We would like you to share in this unique football environment.

PROFESSIONAL STAFF

Rangers Football Club will fly in a group of hand picked professional coaches who are all qualified to the highest standards. These coaches are guaranteed to have experience in developing professional youth players.

LONG-TERM PROGRAMME

Our camps also include a series of coaches' clinics for local coaches where Rangers staff will provide your local coaches with a unique insight into the coaching philosophy and methods used within the Club's youth programme. Our aim is to educate both players and coaches to ensure that when our staff leave there is some legacy left behind that will continue to develop your young players until the Rangers coaches return again the following year.

KEY POINTS

- Player scouting opportunities for young local footballers,
- A total football experience in a challenging, fun and safe environment,
