CHAMPION	Roseland (271)
RESERVE CHAMPION	Rambo (263)

CLASS 56 – Rotating Pairs Relay Jumping (0.85m) USEF JP150**NO TROPHY AWARDED**

USEF JP150) Height of fences not to exceed 0.85m (2'9"). The rotating pair relay consists of a team of 2 riders. The entire course is jumped twice. The team chooses how they want to divide the course into sections, but the fences must be jumped in the correct order. One change of rider is mandatory. Each rider must jump at least 2 jumps. Competitors may change over as often as they wish. A change is obligatory when a fault is incurred. A disobedience is indicated by an audible signal at which time the other competitor must first jump the obstacle which has not been jumped by his partner and then continue the course. Knock downs incurred are penalized by adding four seconds for each occurrence to the time of the round. Disobediences are penalized only by time. (Three refusals permitted prior to elimination – per local rule.) Should a competitor jump an obstacle before his partner has landed over preceding obstacle, the pair will be eliminated. Both riders enter the ring, after the tone the first rider begins their section. (If team member 1 has a knockdown at fence 3 team member 2 must jump fence 4. If team member 1 has a stop at fence 3 team member 2 must jump fence 3.). The fastest overall time wins. In case of a tie for first place there will be a jump off over a shortened course.
